

## **Implements distribution cum one day training programme under SCSP scheme at Dewa village of Jaisalmer**

Implements distribution cum one day training programme was organized at Dewa village on 2<sup>nd</sup> June 2022 by ICAR-CAZRI, RRS, Jaisalmer. A total of one hundred and fifty farmers and farm women belonging to schedule caste were participated and benefited from this programme. At the onset, Dr. M. Patidar, Head, RRS, Jaisalmer welcomed the participants and briefed the ongoing activities of SCSP scheme at different villages. He also delivered lecture on agronomic practices and moisture conservation techniques for Kharif crops for enhancing crop productivity and income of the farmers. Dr. S.C. Meena discussed the problems of insect pest in Kharif crops at length and suggested the management practices. Dr. Dileep Kumar Dangi emphasized the adoption, benefits and constraints of integrated farming systems for arid region. Dr. Anil Patidar explained the importance of improved varieties and their cultivation practices for higher seed production. A total of 150 sickles, spades and hand weeders were distributed to each of the farmers. They were very happy for getting small farm implements for utilization on their fields. They were also benefited from training programme and assured to adopt improved package of practice of different Kharif crops in their fields. The programme was coordinated by Dr. Anil Patidar, Scientist and Dr. Dileep Kumar, Scientist. Technical staffs Sh. Roshan Lal Meena and Sh. Sumit Kumar helped for successful organization of the programme.
